

# STATSAFE

## ESTABLISHING A WIFI CONNECTION ON AN IPAD

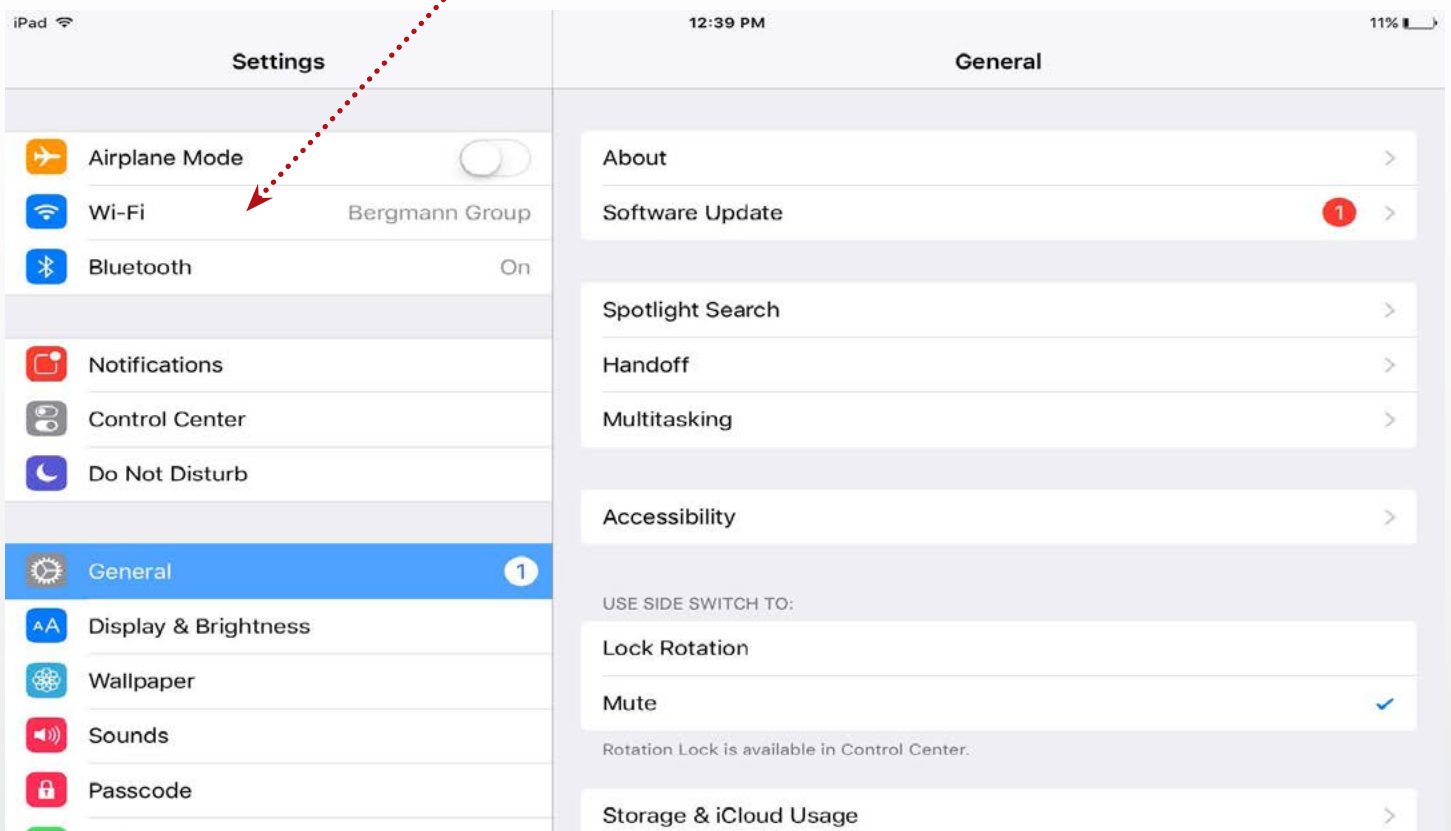

PHOENIX LTC  
MED CARTS

1) On the Home Screen select "Settings"

2) In the Settings menu select "Wi-Fi"

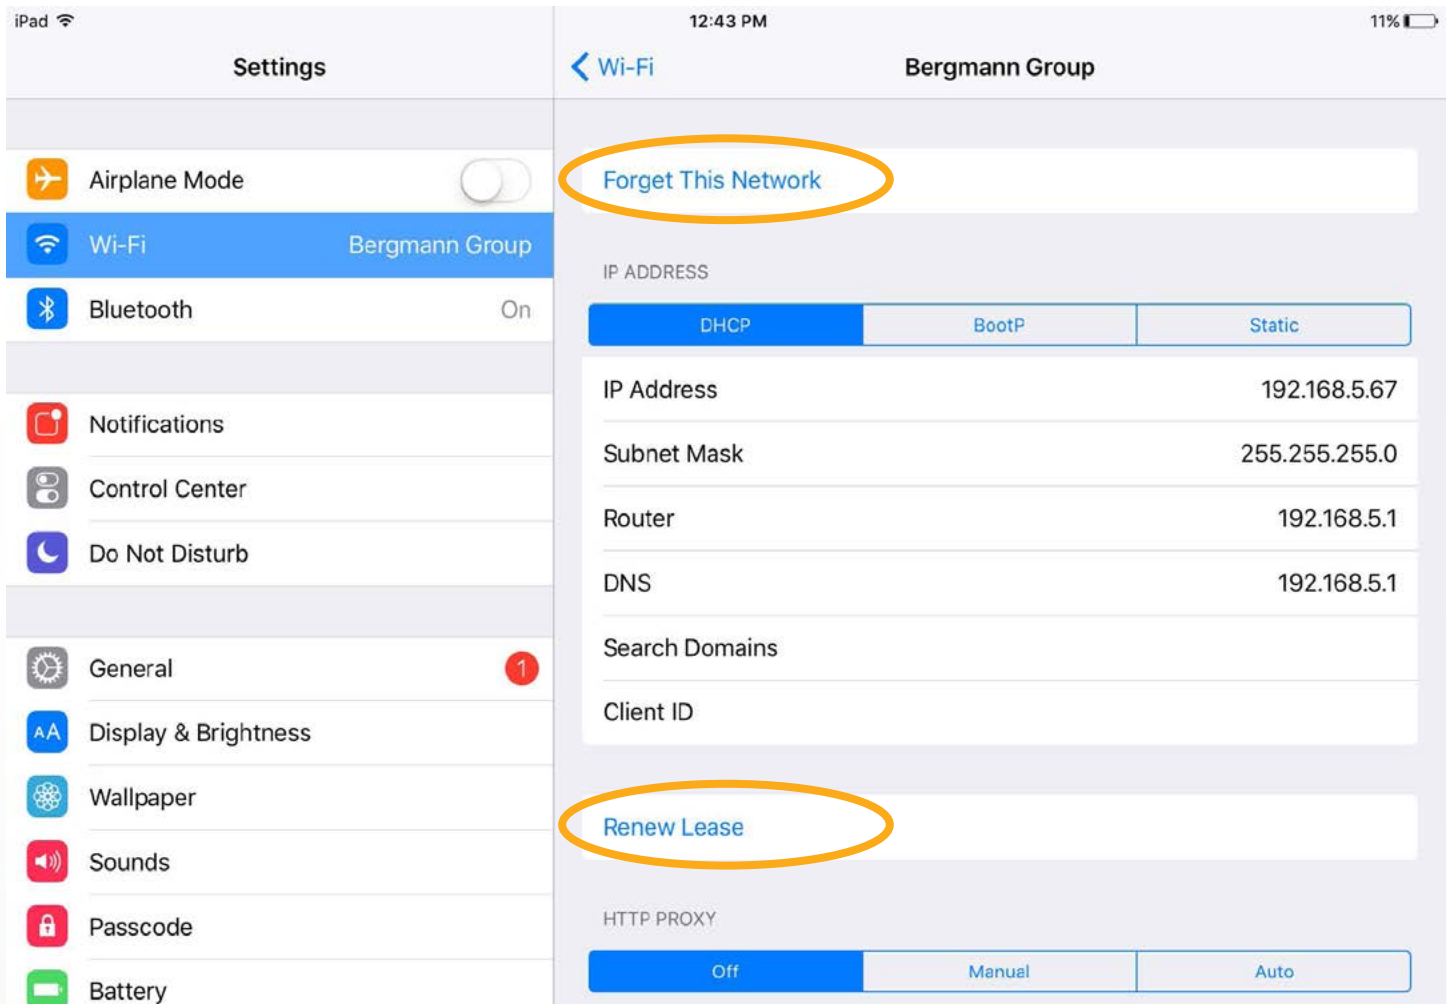

3) Select the WiFi that is provided by the facility.

If it shows that the iPad is already connected to the WiFi there are two options:

A) Select "Renew Lease", if that does not work

B) Select "Forget This Network" and reconnect to the WiFi

4) Once you are finished, press the Home button on the right hand side of the tablet

5) Then select the "StatSafe" app

6) Press "Settings" on the right hand side of the screen and select "Get Updates"

7) Then check your portal to see if it has updated.
